ApptU	10				

# Types of Scores

- Raw Score
- Percentile
- Standard Score
- Stanine
- Grade Equivalent

# Raw Score

The **Raw Score** reflects the number of points earned on a given subtest. Raw scores are the total number of correct items within a subtest.

Composite scores add two different subtest raw scores to come up with a combined score.

	Raw Score Scaled (Stan)	Percentile	Standard Score	Stanine	Grade Equivalent
<b>Group Reading Assessment and Diagnostic Evaluation</b>					
09/2016 Level: 6 Norm: 6 Form: A					
Vocabulary	8	8	80	2	3.9
Sentence Comprehension	10			4	
Passage Comprehension	11			3	
Comprehension Composite	21	17	86	3	3.4
Total Reading	29	12	82	3	3.2
Listening Comprehension	16			7	

# Percentile

The **Percentile Score** indicates the student's performance on a given test relative to other children the same age on whom the test was normed. A score in the 16%ile or lower is below average, while a score in the 84%ile or higher is above average. As an example, a score in the 50%ile, in the middle of the average range, indicates that the student has scored equal to or higher than half of the normed sample for the test, and lower than the other half.

	Raw Score Scaled (Stan)	Percentile	Standard Score	Stanine	Grade Equivalent
EMS 11/2012		Ver: 5	Form: A		
Rate	25	16	7		3.0
Acc	19	9	6		2.2
Flu	44	9	6		2.4

# Standard Score

**Standard Scores (SS)** compare the student's performance with that of other children at the same age or grade level. For reference, standard scores of 85-115 fall within normal range. Standard scores of 84 or lower fall below normal range and scores of 116 or higher are above normal range. On the GORT-5, Standard scores (scaled scores) range from 1-20, with scores between 8-12 falling within the average range.

Raw Score Scaled (Stan)	Percentile	Standard Score	Stanine	Grade Equivalent
-------------------------	------------	----------------	---------	------------------

EMS  
05/2015

Ver: III Form: A

WI	29	27	91		4.8
WA	18	37	95		5.0

05/2015

Ver: 5 Form: B

Rate	20	5	5		2.4
Acc	19	9	6		2.2
Flu	39	5	5		2.2

# The Bell Curve:

Shows the “average range”

# Stanine

**Stanine Scores** reflect the student's performance compared with that of students in the age or grade range on which the given test was normed. For reference, a stanine of seven, eight, or nine is above average, a stanine of four, five, or six is average, and a stanine of one, two, or three is below average. Stanines are particularly useful for comparing or profiling a student's scores across subtests.

	Raw Score Scaled (Stan)	Percentile	Standard Score	Stanine	Grade Equivalent
<b>Group Reading Assessment and Diagnostic Evaluation</b>					
09/2016 Level: 6 Norm: 6 Form: A					
Vocabulary	8	8	80	2	3.9
Sentence Comprehension	10			4	
Passage Comprehension	11			3	
Comprehension Composite	21	17	86	3	3.4
Total Reading	29	12	82	3	3.2
Listening Comprehension	16			7	

# Grade Equivalent

The **Grade Equivalent (GE)** score reflects the approximate grade level at which the student is performing in a given skill compared to the typical performance of students tested. A GE of 3.9 indicates that the student's raw score for the test was the same as the average raw score for the group of students in the ninth month of third grade on whom the test was normed.

# Kaufman Test of Educational Achievement – 3rd Edition (KTEA-3)

	Raw	Percentile	Standard	Stanine	Grade Equ.
<b>Kaufman Test of Educational Achievement</b>					
EMS 10/2020 Ver: III Form: A					
Letter & Word Recognition	66	19	87		5.4
Nonsense Word Decoding	26	23	89		4.6

The **KTEA-3** has alternate forms, A and B. Raw scores, percentiles, standard scores, and grade equivalents are provided in both forms.

# KTEA-3 – Letter & Word Recognition

The **Letter & Word Recognition** subtest assesses the student's ability to read isolated real words. Word recognition ability is a strong predictor of overall reading ability.

	Raw	Percentile	Standard	Stanine	Grade Equ.
<b>Kaufman Test of Educational Achievement</b>					
EMS 10/2020 Ver: III Form: A					
→ Letter & Word Recognition	66	19	87		5.4
Nonsense Word Decoding	26	23	89		4.6

# KTEA-3 – Nonsense Word Decoding

The **Nonsense Word Decoding** subtest assesses the student's word-level phonetic decoding skills. The subtest is comprised of 52 nonsense words or words with a very low frequency of occurrence in the English language. The test measures a student's ability to apply phonic and structural analysis skills.

	Raw	Percentile	Standard	Stanine	Grade Equ.
<b>Kaufman Test of Educational Achievement</b> EMS 10/2020 Ver: III Form: A					
Letter & Word Recognition	66	19	87		5.4

Nonsense Word Decoding	32	45	98		6.3

# Gray Oral Reading Test, Fifth Edition (GORT-5)

	Raw	Percentile	Standard	Stanine	Grade Equ.
<b>Gray Oral Reading Test</b>					
EMS 10/2020 Ver: 5 Form: B					
→ Rate	19	5	5		2.2
→ Accuracy	22	16	7		2.7
→ Fluency	41	9	6		2.4
→ Comprehension	30	25	8		3.7

The GORT-5 has alternate forms, A and B, and consists of sixteen graded passages of increasing length and complexity. The test is used to measure a student's skills in reading textual material. The student is required to read selections aloud as quickly and as accurately as possible. The GORT-5 provides raw scores, percentiles, standard scores, and grade equivalents for Rate, Accuracy, Fluency (reflects both rate and accuracy), and Comprehension.

# Stronger Rate / Weaker Accuracy

	Raw	Percentile	Standard	Stanine	Grade Equ.
<b>Gray Oral Reading Test</b>					
EMS 09/2020 Ver: 5 Form: A					
Rate	28	37	9		3.7
Accuracy	16	5	5		1.7
Fluency	44	16	7		2.4
Comprehension	28	25	8		4.0

# Stronger KTEA / Weaker GORT

	Raw	Percentile	Standard	Stanine	Grade Equ.
--	-----	------------	----------	---------	------------

## Kaufman Test of Educational Achievement

EMS 10/2020 Ver: III Form: A

Letter & Word Recognition	58	23	89		3.8
Nonsense Word Decoding	26	42	97		4.6

## Gray Oral Reading Test

EMS 10/2020 Ver: 5 Form: A

Rate	21	9	6		2.4
Accuracy	12	2	4		1.2
Fluency	33	5	5		1.7
Comprehension	29	25	8		4.0

# KTEA-3 - Spelling Subtest

The KTEA-3 Spelling Test assesses the student's ability to spell isolated real words that are organized in order of difficulty. This is a dictated test, and requires the students to write out the words (in contrast to standardized multiple choice spelling tests). The KTEA-3 provides raw scores, percentiles, standard scores, and grade equivalents.

	Raw Score Scaled (Stan)	Percentile	Standard Score	Stanine	Grade Equivalent
<b>Kaufman Test of Educational Achievement</b>					
EMS 05/2017 Ver: III					
Spelling	40	10	81		3.5

# Group Reading Assessment and Diagnostic Evaluation (GRADE)

The GRADE has alternate forms, A and B. Raw scores, percentiles, standard scores, stanines, and grade equivalents are provided in both forms (depending on subtest).

Students take the test appropriate to their grade level (2, 3, 4, 5, 6, and M). (M assesses both 7<sup>th</sup> and 8<sup>th</sup> graders)

Each level is comprised of subtests measuring language skills. Subtests vary from level to level.

	Raw Score Scaled (Stan)	Percentile	Standard Score	Stanine	Grade Equivalent
--	-------------------------	------------	----------------	---------	------------------

**Group Reading Assessment and Diagnostic Evaluation**  
09/2016 Level: 6 Norm: 6 Form: A

Passage Comprehension	11			3	
Comprehension Composite	21	17	86	3	3.4
Total Reading	29	12	82	3	3.2
Listening Comprehension	16			7	

# GRADE: Vocabulary

Students have to decode a given word and select a synonym. Target words are presented within short phrases that provide no contextual support for the meaning of the word. Varied parts of speech are used.

*(2<sup>nd</sup> and 3<sup>rd</sup> grade students take a combination of Word Reading and Word Meaning or Vocabulary to find a Vocabulary Composite)*

Raw Score Scaled (Stan)	Percentile	Standard Score	Stanine	Grade Equivalent
-------------------------	------------	----------------	---------	------------------

**Group Reading Assessment and Diagnostic Evaluation**

Passage Comprehension	11			3	
Comprehension Composite	21	17	86	3	3.4
Total Reading	29	12	82	3	3.2
Listening Comprehension	16			7	

# GRADE: Sentence Comprehension

Students have to choose a word from five choices to replace a missing word. They are required to use the appropriate part of speech (i.e., noun, verb, adjective, adverb, or preposition), and sentences vary between simple, compound, and complex sentences. Syntax ranges from simple to complicated structures.

	Raw Score Scaled (Stan)	Percentile	Standard Score	Stanine	Grade Equivalent
<b>Group Reading Assessment and Diagnostic Evaluation</b>

Passage Comprehension	11			3	
Comprehension Composite	21	17	86	3	3.4
Total Reading	29	12	82	3	3.2
Listening Comprehension	16			7	

# GRADE: Passage Comprehension

Students read passages of one or more paragraphs and answer multiple-choice questions pertaining to the passage. A variety of materials is provided (e.g., fiction, non-fiction, letters) that require students to answer questions that determine main idea, theme, plot, characters, and make inferences.

	Raw Score Scaled (Stan)	Percentile	Standard Score	Stanine	Grade Equivalent

# Basic Achievement Skills Inventory (BASI)

Basic Achievement Skills Inventory alternate forms, A (fall) and B (spring). Raw scores, percentiles, standard scores, and grade equivalents are provided in both forms.

Students take the test appropriate for their grade level (1, 2, or 3).

*(There is no level for 2<sup>nd</sup> grade students)*

Raw Score	Percentile	Standard Score	Stanine	Grade Equivalent

Math Computation (Untimed)	18			
Math Application (Timed)	13	37	95	5.2
Math Application (Untimed)	20			

# Basic Achievement Skills Inventory (BASI): Math Computation

Students solve given equations including the four basic arithmetic operations with whole numbers, fractions, and decimals. There is little interpretation that has to occur, but the student generally has to perform multiple steps to arrive at the answer.

Raw Score Scaled (Stan)	Percentile	Standard Score	Stanine	Grade Equivalent
